

## **South Benfleet Primary School**

### **Primary Sport Premium 2016/17**

South Benfleet Primary School has received £9760 as its Primary Sport Premium grant to improve Physical Education, School Sport and Health and Wellbeing strategies across the academic year 2016/17.

We invest most of the grant (£6500) to work in partnership and collaboration with the Deanes School through the Castle Point and Rochford School Sport Partnership (SSP) to access a variety of services to benefit students and staff of the school. We feel by pooling some of our funding into a local partnership we are able to benefit from guidance and development around high quality physical education and a range of co-ordinated services listed below. These services meet the priorities focusing on 'up-skilling' school staff in PE, creating more opportunities in School Sport and providing support for the health and wellbeing of our young people.

The SSP agrees to:

1. Provide all aspects of the Basic Package as detailed below:

2. Communicate effectively with your school and staff, usually via e-mail, telephone and through the SSP website.
  3. Actively seek additional opportunities (including funding) for all schools that are part of the SSP programme.
  4. Continue to play a lead role in linking with the National Governing Bodies of Sport, Youth Sport Trust, County Sports Partnership and other relevant organisations.
  5. Support your school in providing impact of the Sport Premium investment, including support in meeting Ofsted criteria.

We will work closely with the staff of the School Sports Partnership (SSP) to evaluate and monitor the impact of this work, as well as continually auditing the needs for future years.

In addition to our investment into the 'Basic' membership services provided through the School Sport Partnership, we have also bought further support through 'Enhanced' membership. This is a bespoke annual plan tailored to suit the specific needs of our school.

Our school has continued to access additional specialist curriculum support which allows us to focus on areas within Physical Education where our students and staff will most benefit from the guidance. Initially the focus is Gymnastics, with the flexibility to adjust this support throughout the year. This year we have increased this further to access two full afternoons of curriculum support, including the input of a games based PE specialist.

We have also invested funding in sports coaches from the School Sports Partnership team delivering additional extra-curricular opportunities for our students. This also allows us to provide specialist support in the form of clubs, broadening our offer and enabling us to engage with more students.

To ensure increased participation in competitive opportunities we have also bought in the support of a specialist football coach to coach our team.
